

TO: SC Ambassador Passport Program Participant

FR: SC Aviation Association

Welcome to the South Carolina Ambassador Passport Program. We are excited to have you participate in our new program sponsored in part by the SC Aeronautics Commission. Included in this packet is your passport to be stamped at the airports you visit, a SC aerial map to guide you throughout the state and a brochure outlining the program.

See the list below that identifies which airports are self stamp and which ones will have a person available to stamp your passport. The self stamp airports will have a black mailbox with an Ambassador Program Decal accessible to you with the stamp inside the mailbox. All mail boxes will be on the ramp side of the airport, *please remember it is not their regular mail box*. As we get the mailboxes placed we will try to update scaaonline.com to indicate exactly where they are located.

If you have questions, please contact SCAA headquarters at 877-359-7222.

AIK - stamp located in FBO	EOE - stamp located in mailbox
88J - stamp located in mailbox by fuel pump	CEU - stamp located in FBO
