***Myrtle Beach International Airport Hosts Press Conference***

**Myrtle Beach, SC** – Myrtle Beach International Airport (MYR), located at 1100 Jetport Road in Myrtle Beach, South Carolina, will host a press conference during S.C. Aviation Week on Friday, April 28, 2023, at 1:30 p.m.

“Thanks to the continued growth of the area's travel and tourism industries, Myrtle Beach International Airport is proud to host a press conference to unveil its new terminal gate expansion and talk about the continued investment in growing its facilities,” said Director of Airports, Judi Olmstead.

Myrtle Beach International Airport sees over 1 million travelers per year. The new terminal gate expansion will continue to attract corporate and leisure travelers to the area.

“Our state-of-the-art terminal was designed to have everything travelers need to have a safe and pleasant travel experience,” said Olmstead.

The Myrtle Beach International Airport is the gateway to Myrtle Beach, S.C., the Grand Strand and the Hammock Coast. The Myrtle Beach International Airport is owned by Horry County and operated by the Department of Airports. MYR is served by Allegiant, American, Avelo, Delta, Frontier, Porter, Southwest, Spirit, Sun Country, and United Airlines. Beach Aviation Services is the airport’s DLA military and government fueling contract holder.

**More about S.C. Aviation Week and the S.C Aviation Association**

S.C. Aviation Week is a statewide celebration of the economic and educational impact of airports and the aviation industry. Occurring April 23-29, 2023, this week is planned in partnership by the South Carolina Aviation Association (SCAA) and the South Carolina Aeronautics Commission.

SCAA actively promotes and encourages aviation and airport development to meet air transportation needs and assist the state in achieving economic development goals. Its membership is comprised of airports, aviation industry partners and aviators across South Carolina. For more information, please visit [scaonline.com](http://scaonline.com).
